87-65	344-1988	Station	333-2914	City Hall	2228

**Unless otherwise noted, all area codes are 641.**

**Call TC Dispatch at 800-432-4386 if you are unable to cover a shift you are scheduled for if you don't have a replacement. Also let your partner know of any changes. Let Jan know of any changes!**

**This call sheet I work: Jan. 29 24-hr, Feb. 1 night shift. I will be out of town for IEMSA's Board meeting Jan. 25 and EMS Day on the Hill and Leadership Conference Jan. 26. I'll be at SWCC Jan. 27 and 31. Don't forget – our bowling party will be Feb. 4 beginning at 6:30 p.m. Families included.**

**As usual, let me know if there are blank spots you can fill.**

March 21 - CPR renewal for the fire department as well as taking.

**The new thermometer, donated by the Borland family in John's memory, has arrived. It is on the back counter in the ambulance garage, along with the instructions. There is an inservice DVD on the desk. I want to find a case for it and possibly a strap before placing it in service. Please get acquainted with it.**

**The ear thermometer in 65 will be moved to 64 when the temporal thermometer is put in service.**

All of the EMT drugs are now in the main compartment of the first out bag in each ambulance. Soon the pouch will be tagged with a breakaway lock. There's a paper inside to track lock numbers and a drug usage form that needs to be completed whenever a med is given. The glucometer is still in the side pocket. In 64, the finger pulse ox is in with the glucometer.
